PROFESSIONAL SUMMARY

B.Tech Electrical and Electronics Engineering graduate with a strong interest in software engineering and hands-on exposure to Python, HTML, CSS, GitHub, and IoT-based application development. Experienced in developing an academic IoT project involving sensor integration, Arduino programming, ESP NodeMCU, and real-time monitoring using Blynk. Strong foundation in logical problem-solving, teamwork, communication, and learning new technologies. Seeking an entry-level Software Engineer opportunity to apply programming skills and build practical software solutions.

TECHNICAL SKILLS

Programming: Python (Basic), Arduino

Web Technologies: HTML, CSS

Tools & Platforms: GitHub, Blynk IoT, MS Office

Core Skills: Problem Solving, Logical Thinking, Debugging, Teamwork, Communication, Adaptability

PROJECTS

Personal Portfolio Website

Self-Directed Project

- Designed and developed a personal portfolio website to present education, technical skills, projects, and professional profile.
- Structured the website using HTML and created the visual layout and styling using CSS.
- Used GitHub to maintain and showcase the project source code and development work.

Technologies: HTML, CSS, GitHub

Smart Garbage Monitoring System with Efficient Waste Management

- Developed an IoT-based automated waste management system using ESP NodeMCU, ultrasonic and moisture sensors, and servo motors.
- Implemented automated detection, classification, and segregation of waste.
- Programmed the system using Arduino and enabled real-time monitoring through the Blynk IoT application.

Technologies: ESP NodeMCU, Arduino, Ultrasonic Sensor, Moisture Sensor, Servo Motor, Blynk IoT

EDUCATION

Bachelor of Technology (B.Tech) – Electrical and Electronics Engineering

2022–2026

UKF College of Engineering and Technology, Parippally, Kollam

CGPA: 8.33

Add-on Course – MEP Supervisor Maintenance

2026

Indian Institute of Infrastructure and Construction, Chavara, Kollam

PROFESSIONAL EXPERIENCE

Trainee

August 2026

Uralungal Labour Contract Cooperative Society Ltd., Thiruvananthapuram

- Gained practical experience working in a professional technical environment and collaborating with team members.
- Developed experience in following technical procedures, safety practices, and structured problem-solving activities.

Intern

December 2024

Kerala Electrical & Allied Engineering Co. Ltd., Ernakulam

- Gained practical experience in technical problem-solving, system maintenance, and troubleshooting.
- Worked collaboratively during electrical engineering activities and developed professional workplace skills.

Intern

March 2024

110 kV Substation, Kollam

- Participated in routine inspection activities involving electrical equipment.
- Gained exposure to testing procedures and systematic evaluation of electrical systems.

LEADERSHIP & ACTIVITIES

- Selected as UG Programme Representative of the EEE Department in the College Union.
- Contributed to student welfare initiatives and campus events.
- Participated in technical seminars and academic activities.
